Request for Review

CC Docket No 02-6

Federal Communications Commission,

RECEIVED & INSPECTED

MAY 24 2004

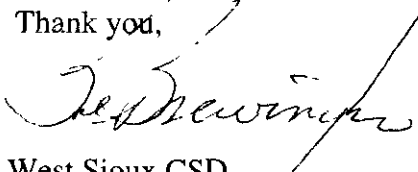

FCC - MAILROOM

We received a rejection letter marked March 15, 2004 from the Schools and Libraries Division. Form 471 applications Number 435404, billed entity name West Sioux CSD, entity number 132260, and funding year 2004 was rejected because there wasn't a date at the lower right-hand corner of the form.

I filled out the 471 on line and was going to send it electronically but I was having difficulties with the on line version. I was not able to use my electronic name. I am also having trouble getting a new pin number on line. I printed off the 471 on line version and sent a copy into the Schools & Libraries Division so I could meet the dead line, not knowing that there was a difference in forms. The information should collate over to the mail in forms except the electronic version does not have a date line in the bottom right hand corner. I would like to send in a new mail in version form with the same information if I am allowed. If you have questions I would more than happy to answer any on the phone.

I have called the SLD and told them the problem I have been having receive a Pin number I still have not been able to received one. Therefore I will be using the mail in versions of the forms.

Thank you,

West Sioux CSD
